

Zaps It Starter Kit

Thank you for purchasing a Zaps It Starter Kit. We know you will love this exceptional bio-enzymatic solution.

INSTRUCTIONS: In the sprayer, you will find a bag of tips. Use the information below to determine which tip/dilution rate preferred. Insert the tip into the bottom of the sprayer lid insert. Place the feeding tube over the insert and tip.

Pour concentrated (undiluted) Zaps It into the container. The system will dispense at the ratios indicated below.

Zaps It: Odor Digester/Eliminator

- Yellow tip (2 oz./gal)
- Green tip (4 oz. gal) recommended starting point
- White tip (8 oz./gal)
